17	to continue	4/13/2016 1:39 PM
18	It gives me a mechanism by which I can help people to address their wider needs.People have nowhere to turn due to so many cuts and they often end up with their GP - I love being able to re-direct them to someone who I know can actually help!	4/12/2016 9:53 PM
19	patients respond very well to, they see it as people caring - from GP to the SP team, and not just fobbing them off with a prescription or a phone number for them to call.	4/11/2016 9:07 PM
20	It is very flexibel and is available for patients who have problems that lie outside any other services currently provided. It takes a holistic approach	4/11/2016 5:57 PM
21	That it links people with such a wide variety of local services to suit patients' individual needs - things that we can't as health professional but are factors that profoundly inhibit health and well-being.	4/11/2016 8:40 AM
22	Offering wide range of support.	4/8/2016 5:33 PM
23	the access to different services available.	4/8/2016 4:50 PM
